LB 389

request this person at the regular budget process. But I do not think that the override is warranted, nor was it prepared at the beginning of the session. Thank you.

PRESIDENT ROBAK: Thank you, Senator Hillman. Senator Maurstad.

SENATOR MAURSTAD: Thank you, Madam President. I rise in opposition to this particular motion also. And I, I would just echo Senator Hillman's comments. And I'd also bring to everyone's attention something that Senator Wehrbein has indicated, and that is that when we start out the day we have about \$3.6 million before we fall below the 3 percent minimum reserve. The amendments to 389 continue to be filed, and right now, if we were to adopt every amendment that is filed, we'd be about 5.2 million below the 3 percent minimum reserve. And, obviously, that's not acceptable. So I would ask people, unless you're going to take an attitude which is certainly appropriate, that you feel that the Governor's work, after we presented to him our budget, is correct and you're just going to oppose all veto overrides, if you're not in that group then I would ask that you take a look at the various issues that are, are going to be coming before us in the area of correctional staffing, in the area, of course, of arts and education, all of which have some merit. But I'd also like to bring to your attention one other one, and that is the amendment that has been filed dealing with vocational rehabilitation, that has along with it a substantial commitment by the federal government, about a three to one match for every dollar that we put in. And so we can't do, we can't do everything. Senator Wehrbein is accurate. I understand Senator Wehrbein's position, that he is going to oppose all of the overrides that come forward, and I respect that decision. It is a valid one. I respect the feelings of those members that are going to follow that direction. But for those of you that might want to set some type of priority for in essence now, after the committee amendment has been adopted, about \$2.4 million left before we hit the minimum reserve requirement, I would ask that you take a look and set a priority and select those overrides you may wish to consider based on where we can provide the most help for the citizens of this state. Thank you, Madam President.

PRESIDENT ROBAK: Thank you, Senator Maurstad. Senator
